

Intro to Husky Safaris

4 days / 3 nights / 2 days sledding

On this safari you stay in the comfortable base of a wilderness centre in Eastern Finland with all amenities and of course the Finnish sauna! This is a good trip for those who are short of time and not so sure of how they will get on with a team of enthusiastic dogs. The small group size on these adventures enables the guides to adapt each day trip to your wishes, ability and enthusiasm.

Day 1

Transfer, 2 hours, from Kajaani airport to the wilderness centre just 3kms from the Russian border where you will be given information concerning your safari and the wilderness centre. Dinner, sauna, overnight accommodation at wilderness centre.

Day 2

After breakfast, you will be given your special outer clothing and then go and meet your dogs. After instruction and the harnessing of your dogs, you will cover about 20km across frozen lakes and through the beautiful snow laden forests.
