

# Norwegian Husky Tour

5 days of true arctic adventure

You do not need to be exceptionally fit or strong. The guides will match the number of huskies in your team with your strength. A reasonable level of fitness, concentration and a sense of balance are the key attributes needed. 25 to 50km per day. Accommodation the night before and after the tour at our Lodge. The sled dog tour starts from the lodge to a remote wilderness cabin.

**Day 1:** Arrive at the Lodge. During the evening meal the guide will give you a briefing.

**Day 2:** The morning is spent provision of snowsuits, boots and other equipment. Organizing the teams of huskies and learning the basics of caring for your team and driving the sleds. The long sled-tour starts directly from the lodge over a hilly stretch, lakes and marshes.

**Day 3:** We spend two nights at the wilderness cabin, which enables us to travel light when we explore the area. We stop for a lunch break around an open fire. The area is an important winter pasture for reindeers.

**Day 4:** We have a long stretch through a variety of beautiful landscape back to the lodge. A warm sauna is waiting for us, and a farewell dinner gathered in the warm atmosphere.

**Day 5:** After breakfast return to the airport to catch flights home.
